Portfolio: Samia Ahmed | Product Owner | AI & SaaS Specialist

PROFESSIONAL SUMMARY

Product Owner with 3+ years of experience leading end-to-end product strategy for AI-powered SaaS and IoT platforms across MENA. Certified PSPO I with a proven track record in Saudi market entry, regulatory compliance (Qiwa, Mudad, Saudi Labor Law), and OCR-driven automation. Delivered a 20% increase in user engagement, 10% reduction in churn, and scaled B2B SaaS products to 3,000+ users across 10+ markets. Bilingual Arabic & English — bridging technical teams and business stakeholders across cultures.

PROFESSIONAL EXPERIENCE

Product Owner [Full-Time · Current Role] ALTECH · Riyadh, Saudi Arabia*January 2026 – Present*

- Leading comprehensive product strategy and MVP development for a privacy-focused, offline-capable IoT smart home automation platform targeting the Saudi residential market.
- Architected offline-first infrastructure, reducing cloud dependency by **60%** while maintaining real-time responsiveness in pilot deployments — metrics currently being validated pre-launch.
- Conducted **15+ user research interviews** with Saudi homeowners to validate product-market fit and refine feature prioritization.
- Defined full MVP scope (4 device types, 8 core automations, Arabic-first interface), feature roadmap, and GTM strategy targeting **Q2 2026** launch.

Product Owner [Part-Time, Remote] FAAINEX · Riyadh, Saudi Arabia*May 2025 – January 2026*

- Led third-party integrations (Qiwa, Mudad, WhatsApp OCR), defining data contracts and compliance workflows for an enterprise HR platform supporting **5,000+** active users.
- Owned product vision for a scalable cloud-based HR platform with OCR-driven automation and AI-assisted validation for full Saudi labor law compliance.
- conducted **50+ customer interviews** with HR departments to validate automation features and refine product-market fit.
- Improved release predictability through streamlined backlog management, enabling **3 consecutive on-time releases**.

Product Owner [Full-Time] Metas **Research Studio** · Alexandria, Egypt*October 2023 – December 2025*

- Led development of a B2B SaaS platform targeting SME and mid-market clients; managed cross-functional team of 5 developers and 2 designers, scaling to **3,000+** users across **10+ international markets**.
- Achieved **20%** increase in user engagement and **10%** reduction in churns through optimized onboarding flows, behavioral analytics, and iterative UX improvements.
- Improved activation-to-paid conversion by identifying key funnel drop-off points via Mixpanel analytics, leading to a redesigned trial experience.
- Defined KPIs (activation, retention, feature adoption) using OKR and RICE frameworks; navigated
  a successful ICP pivot that reduced feature sprawl and accelerated delivery velocity.

E D U C A T I O N

Bachelor of Arts in English Literature · University of Alexandria

Transitioned into Product Management through intensive professional certifications and 3+ years of hands-on experience leading AI-driven SaaS and IoT platforms.
